

CURIOUS WORLD™

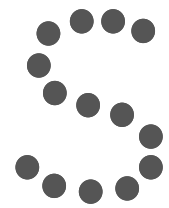

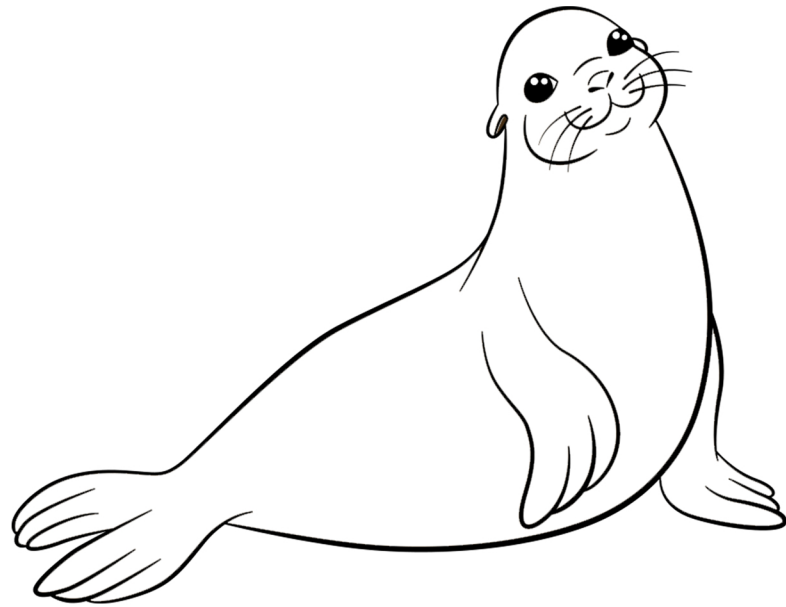

Zoo Animals

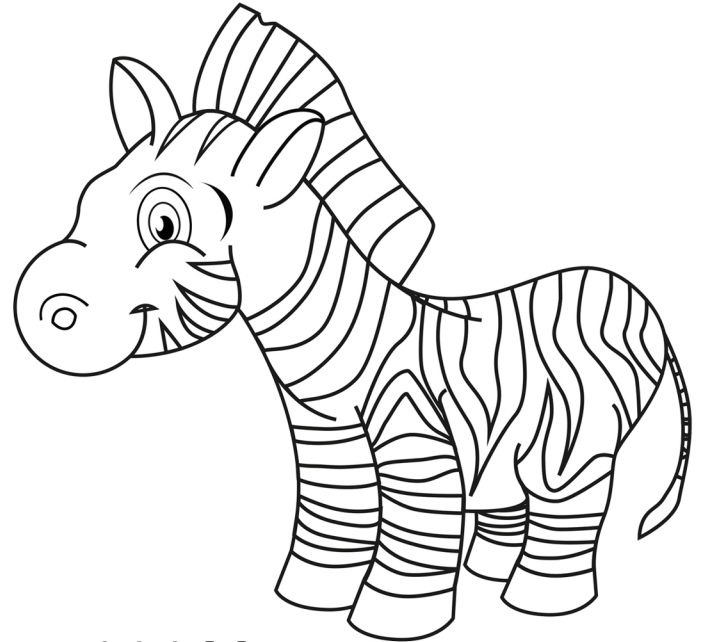

Welcome to the Zoo

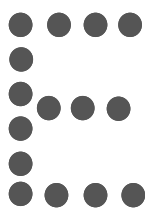

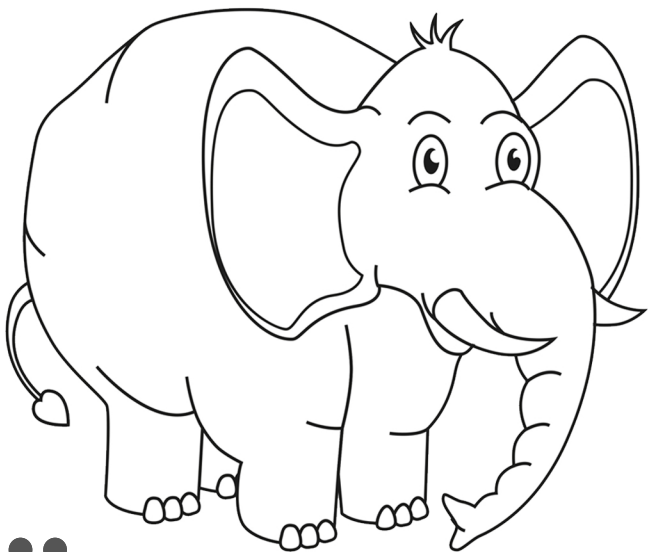

Below are some animals you might find at the zoo. See if you can trace the big letters to help you practice your writing. Then color all the animals in!

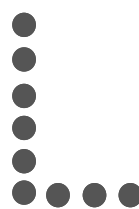

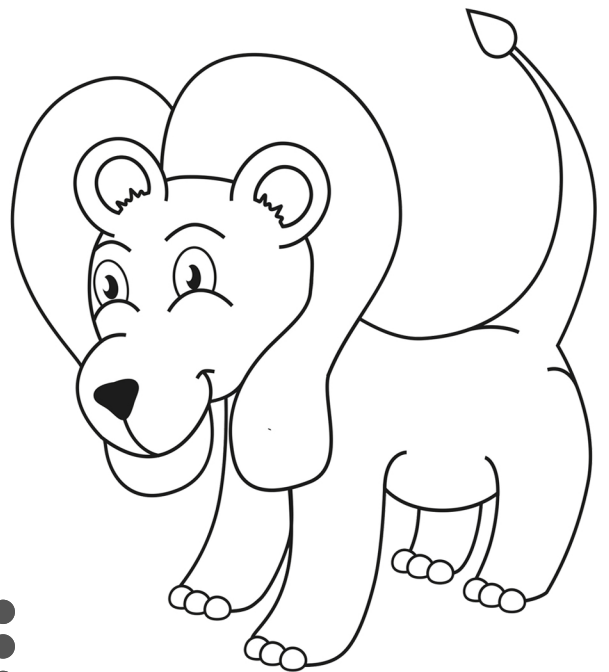

is for Sea Lion

is for Zebra

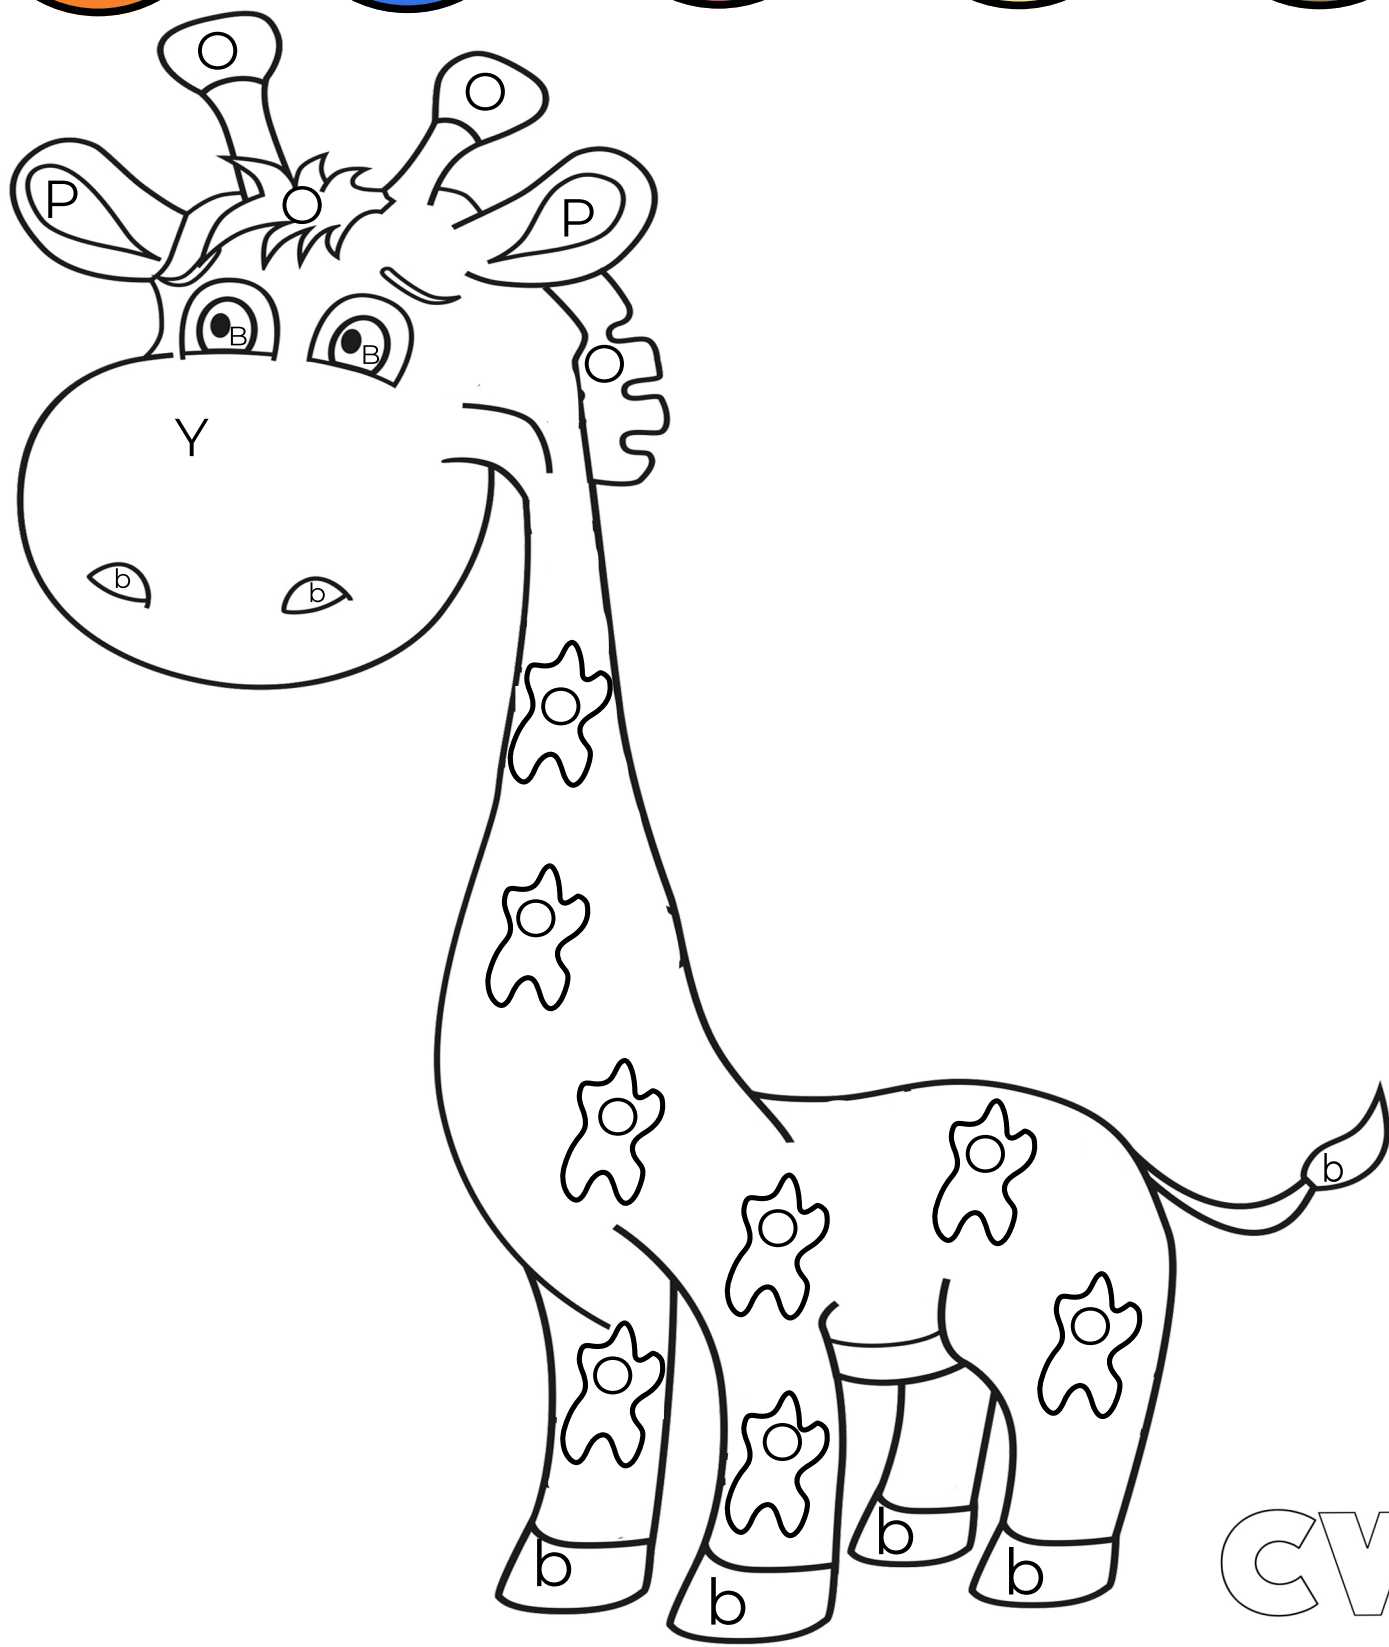

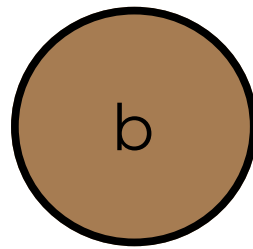

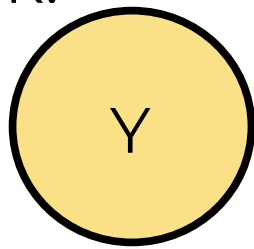

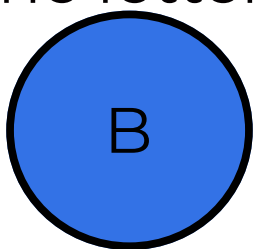

is for Elephant

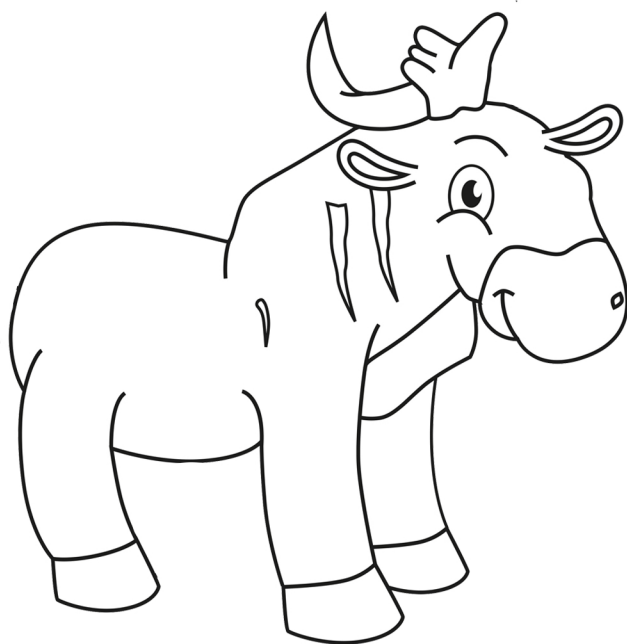

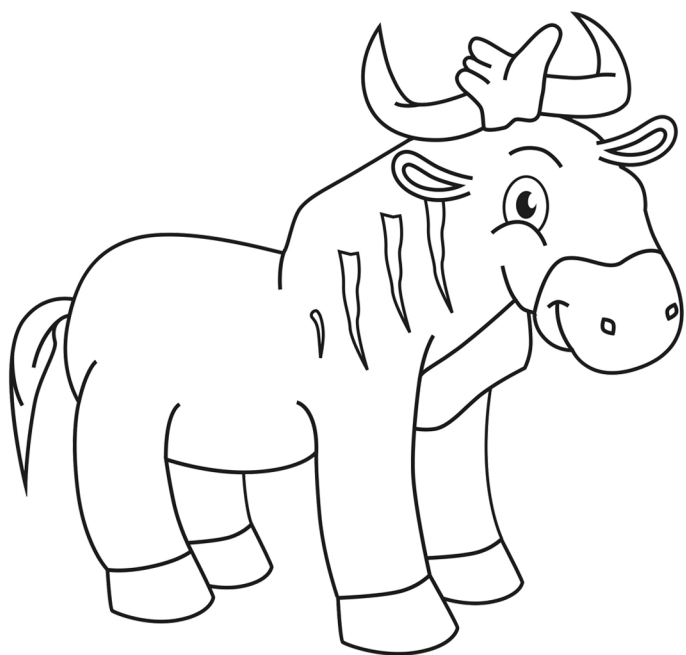

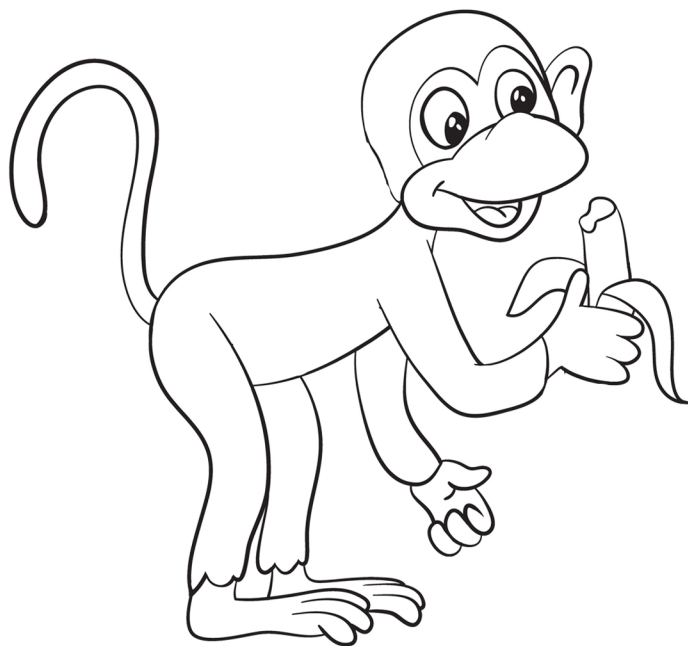

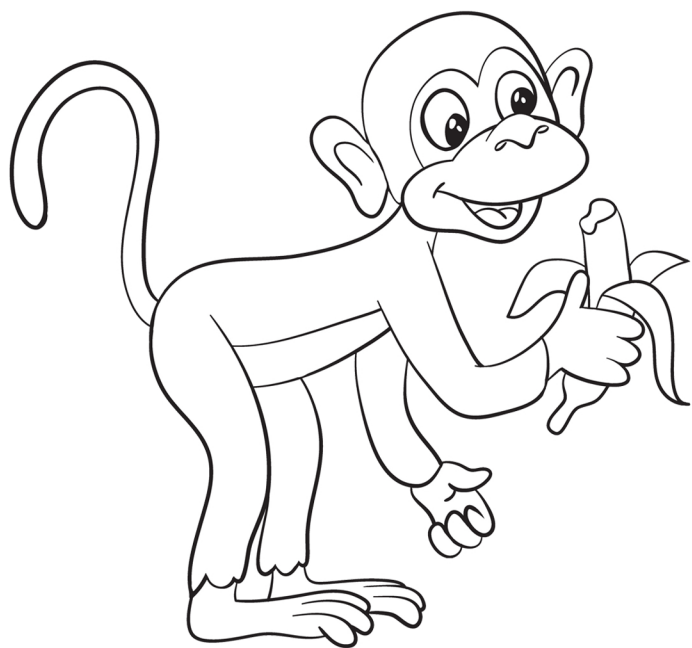

is for Lion

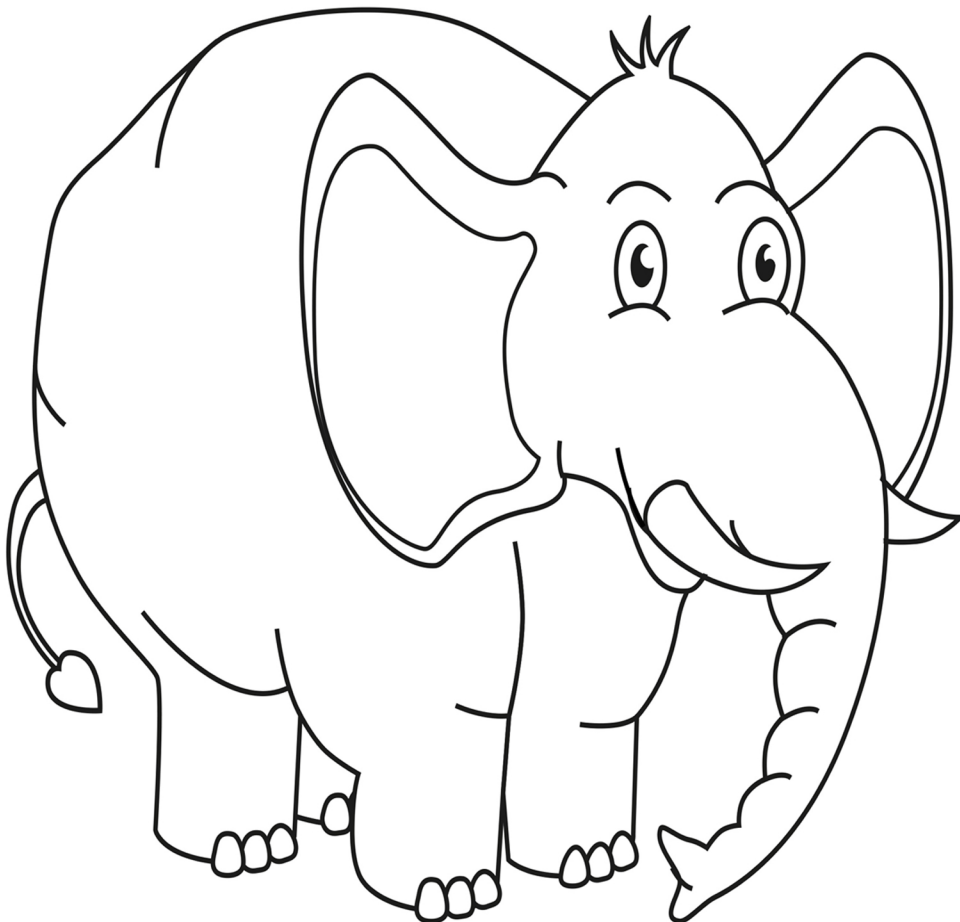

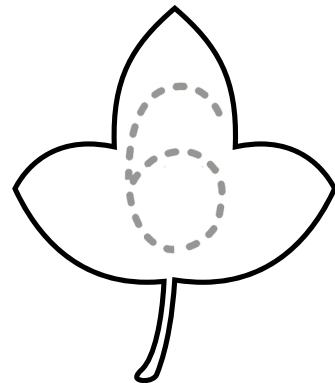

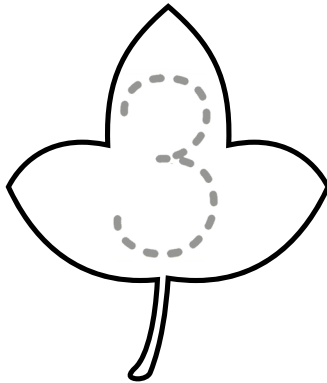

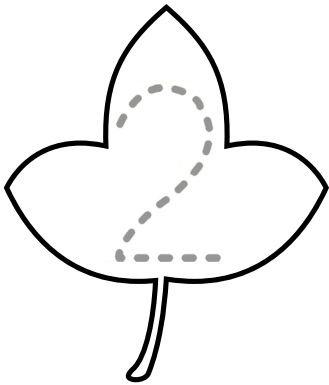

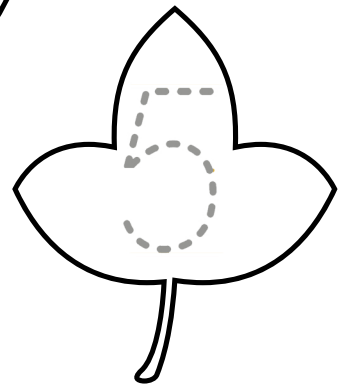

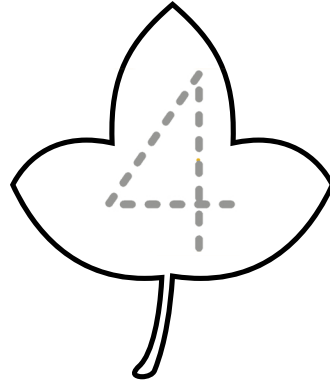

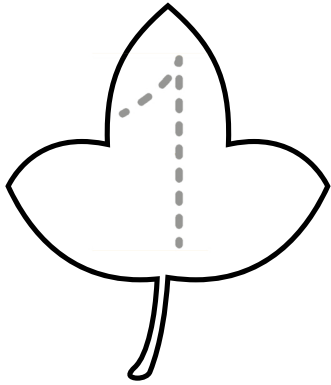

Did you know that giraffes are the world's tallest mammals? Help Greg the Giraffe get his color back by matching the colors at the top with the letters. Good luck!

There are FIVE differences between the animals on the left, to the animals on the right. Can you find them all? Good luck!

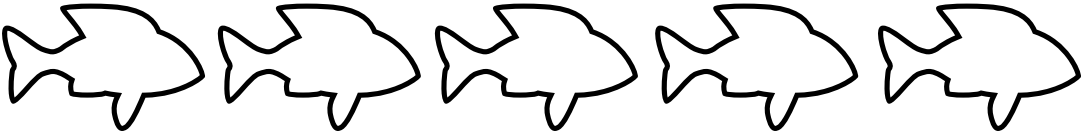

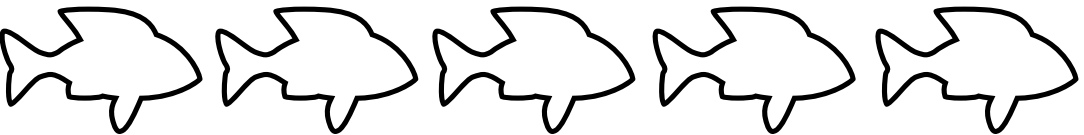

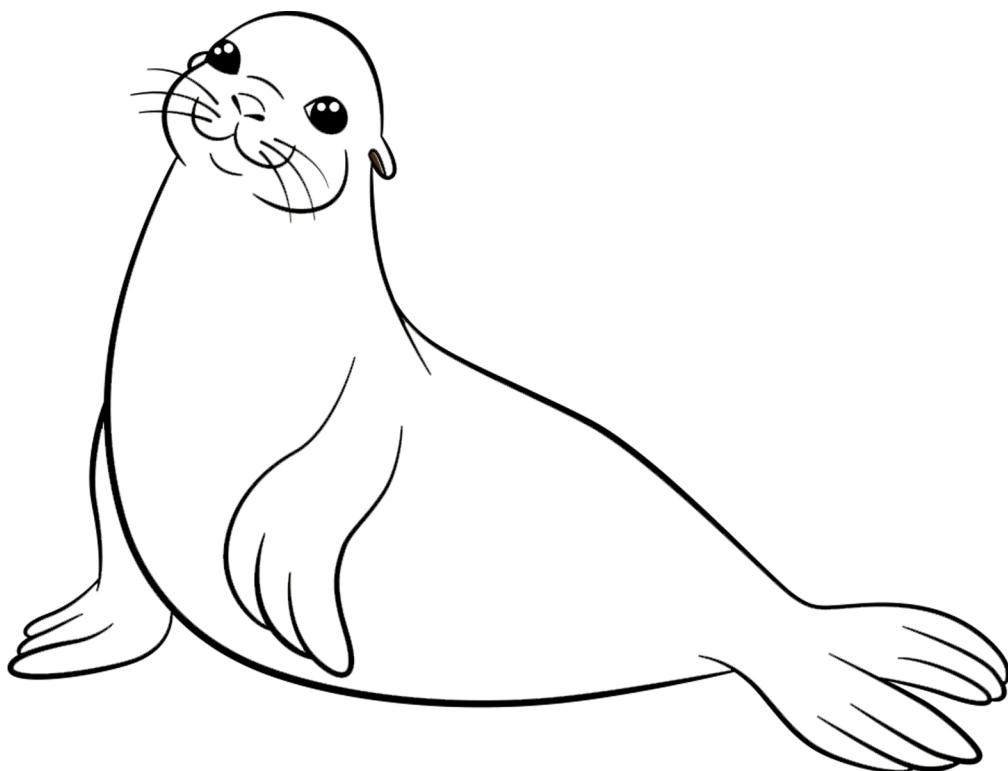

Did you know that an elephant can spend up to 80% of their day eating? Wow, that is a lot of food! Can you help feed Elly the Elephant by counting and tracing the amount of leaves?

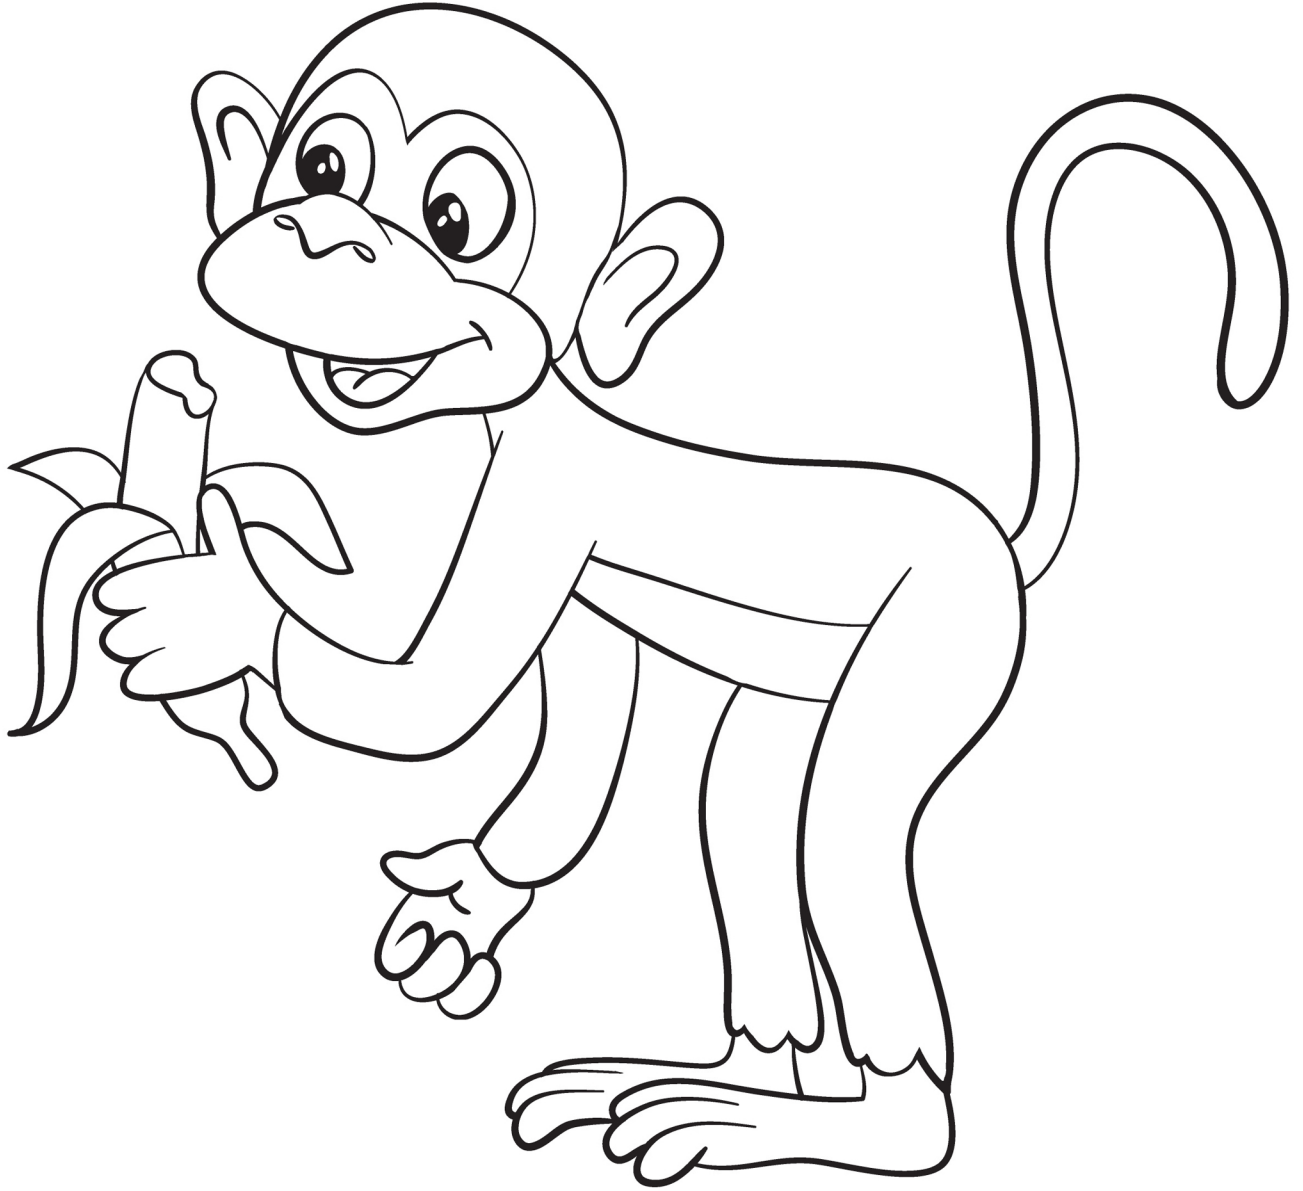

Did you know that sea lions can walk on land using all four of their flippers? That is hungry work! Help feed the sea lion by coloring in the correct amount of fish on each row.

Make them as colorful as possible!
