

CURIOUS WORLD™

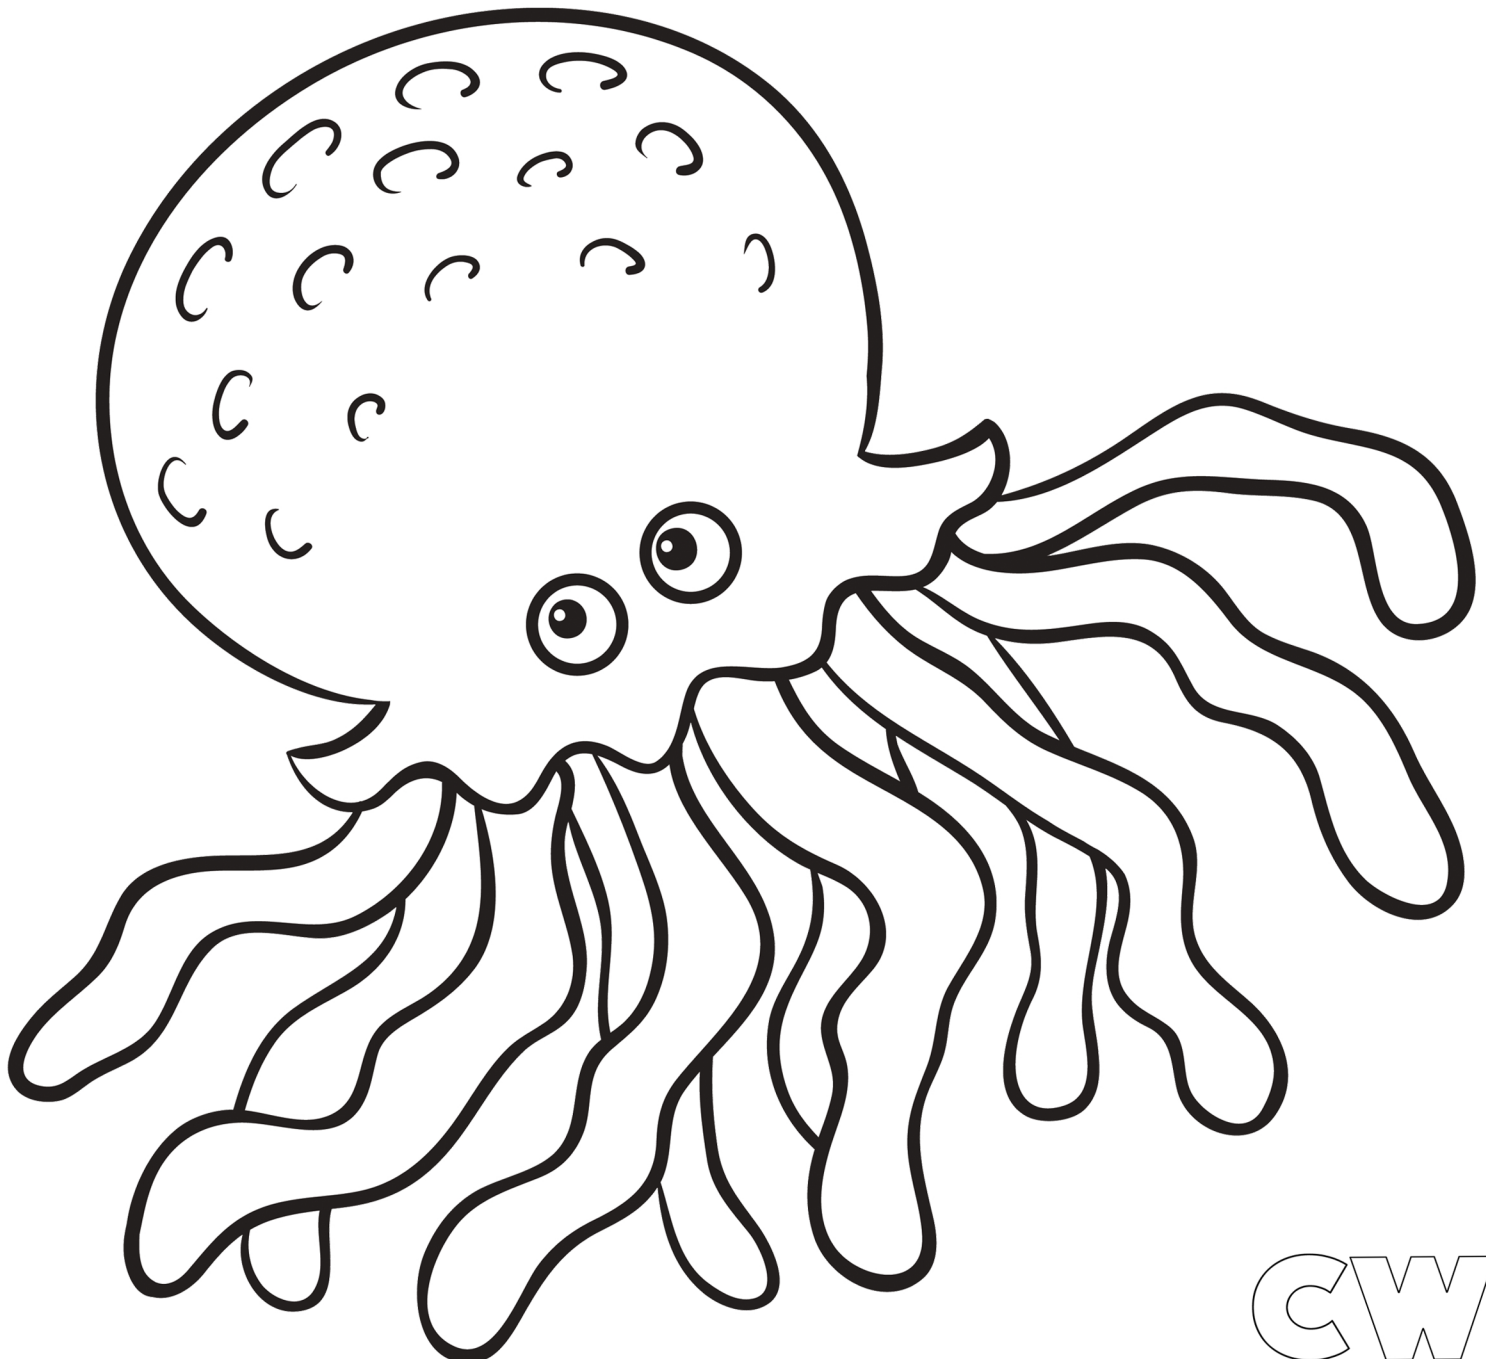

Under the Sea

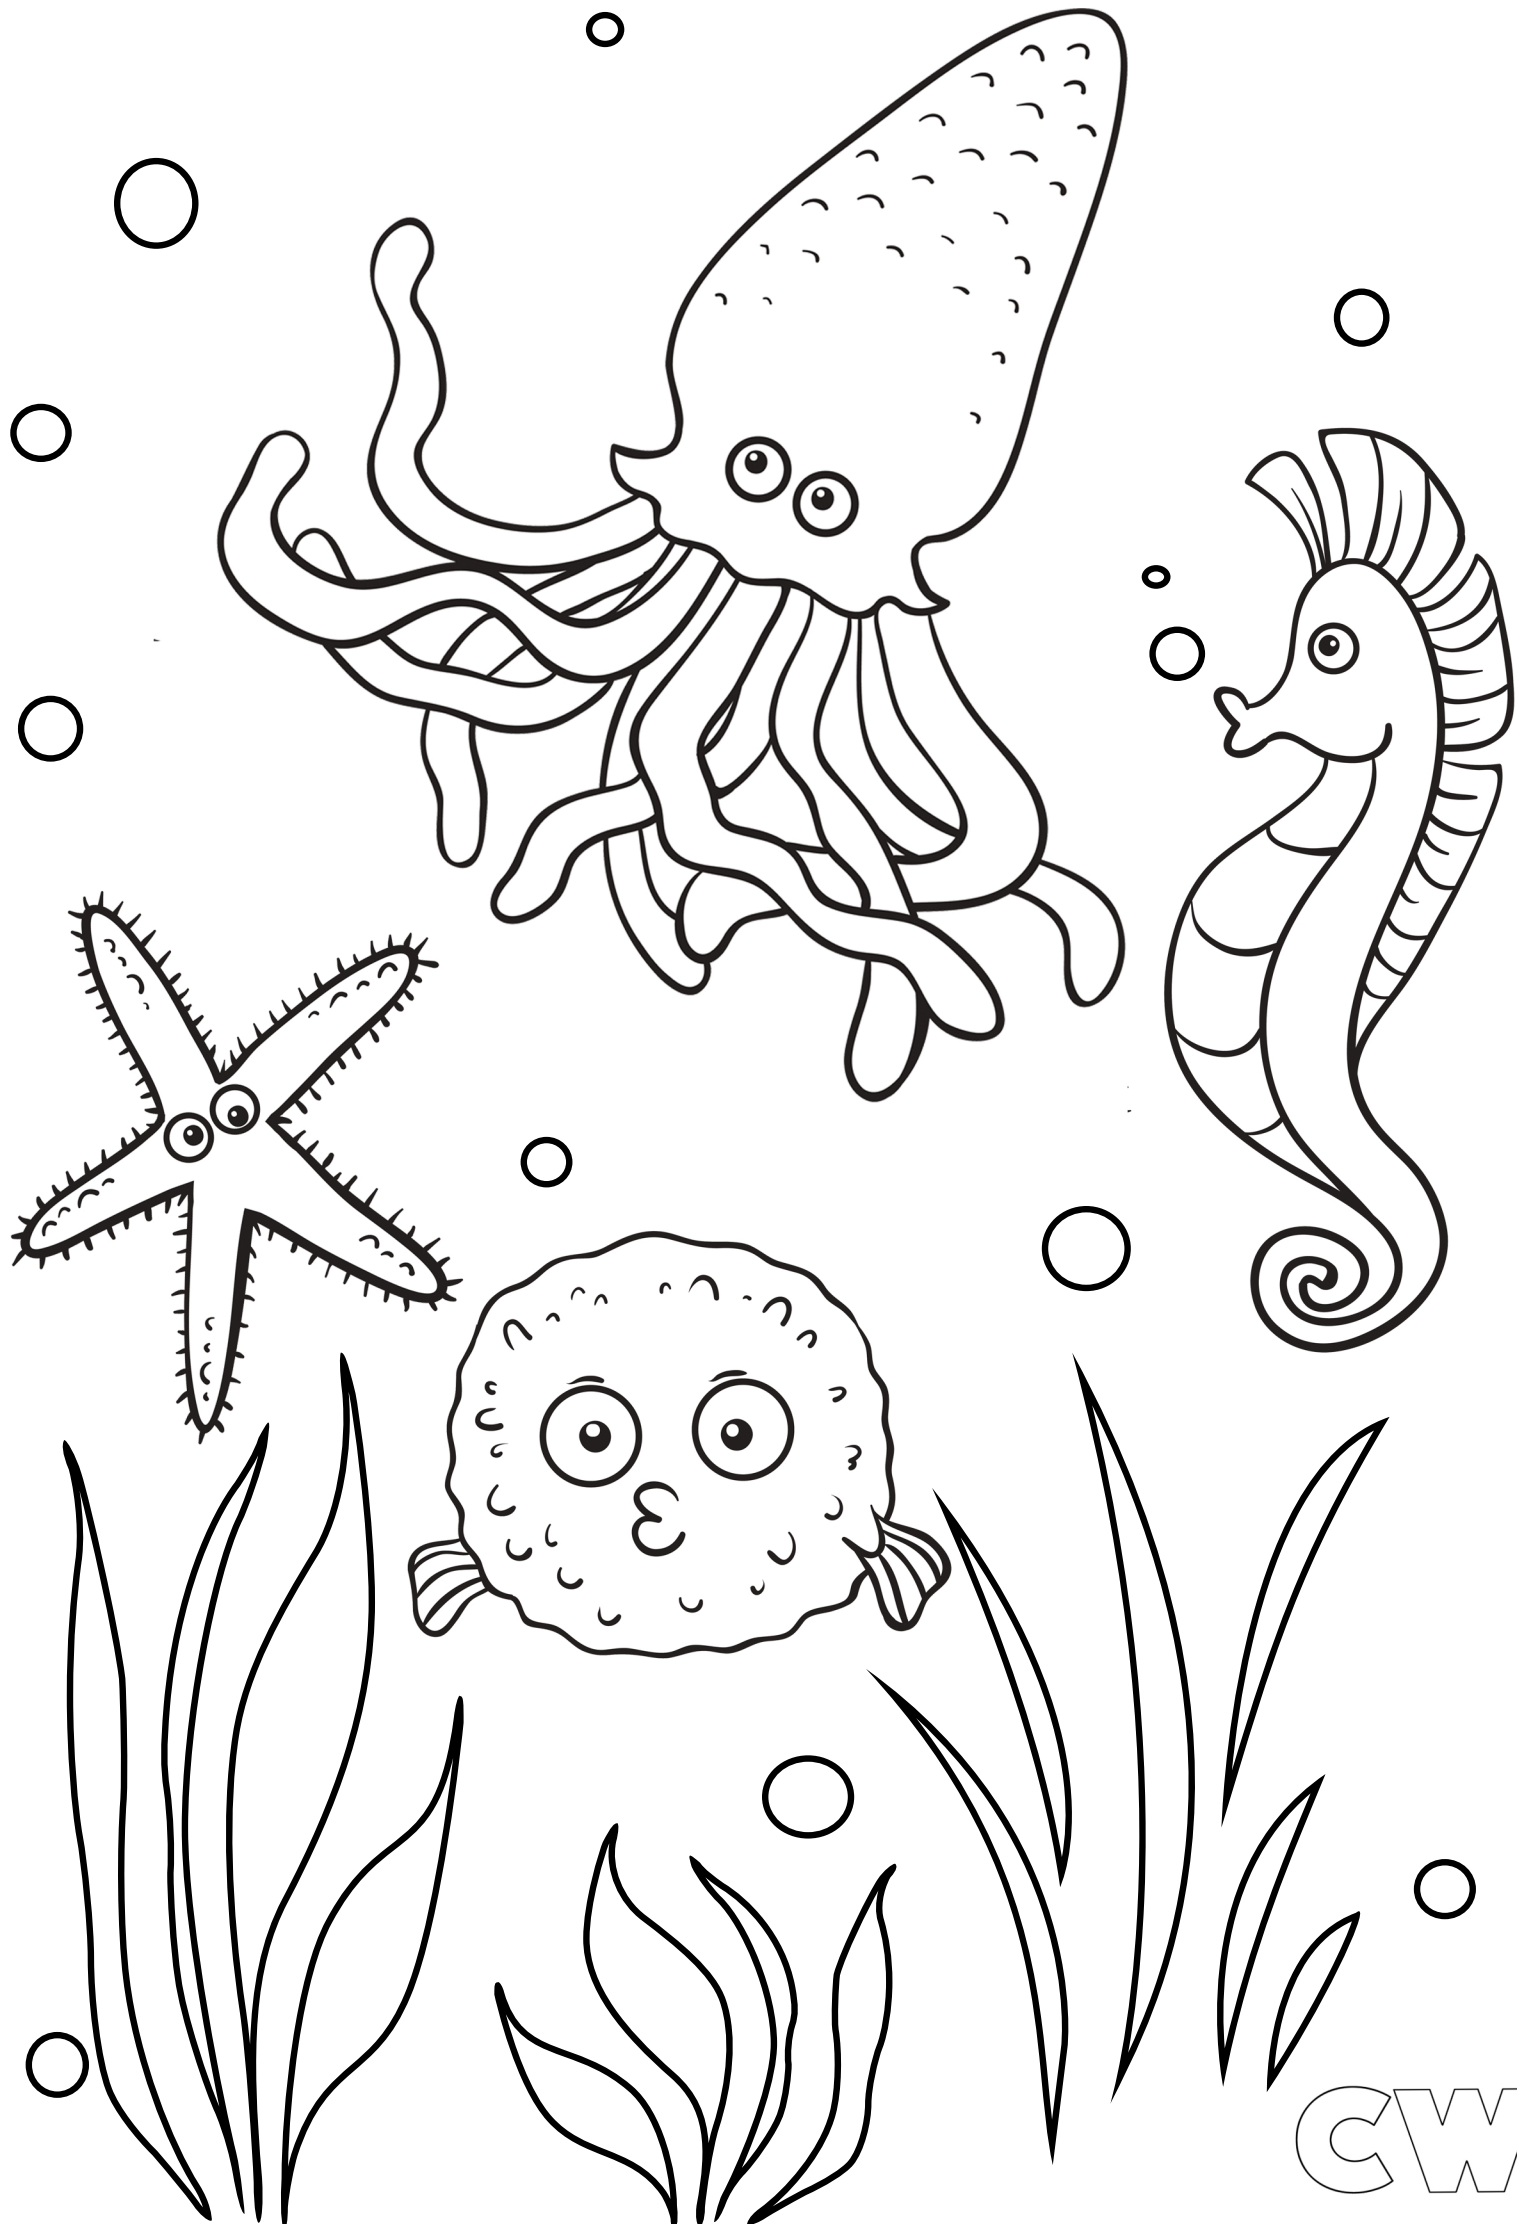

Did you know that the Octopus has no skeleton?
That means it can squeeze into the smallest
of spaces!

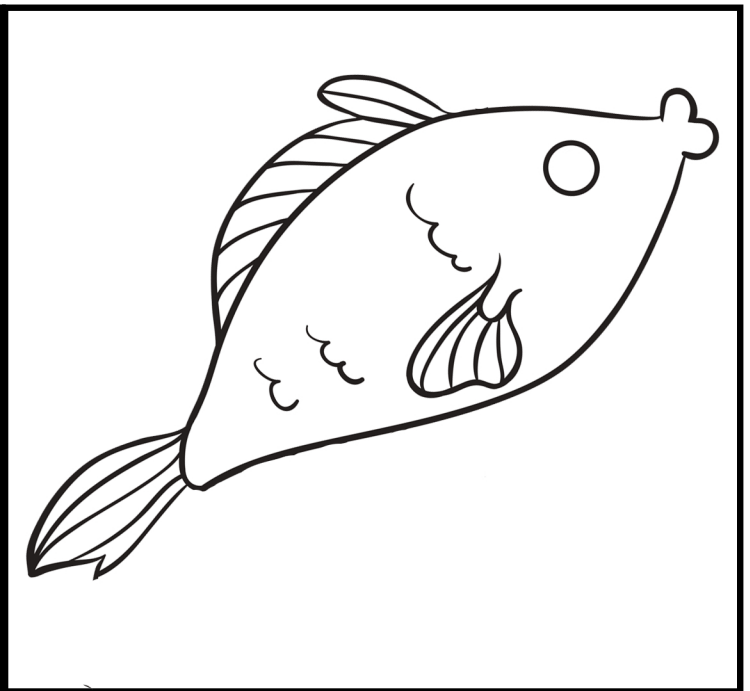

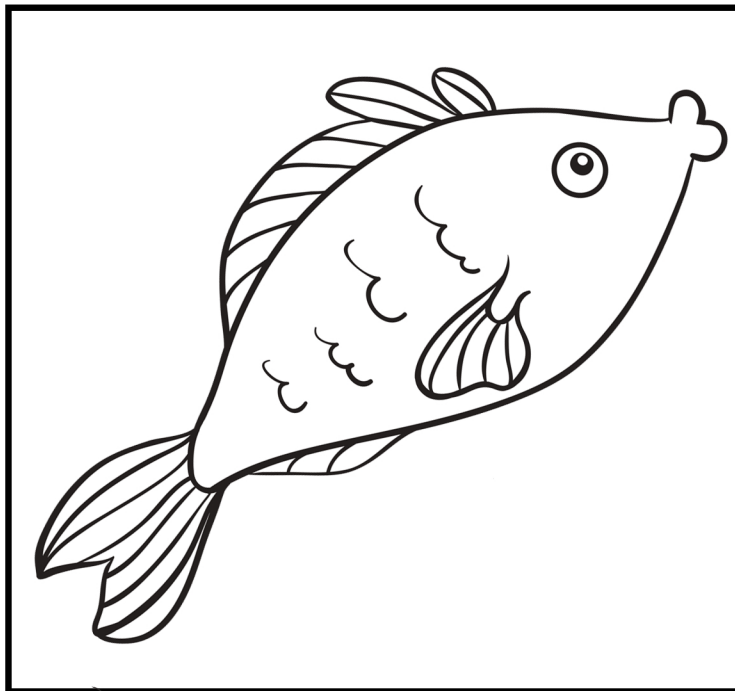

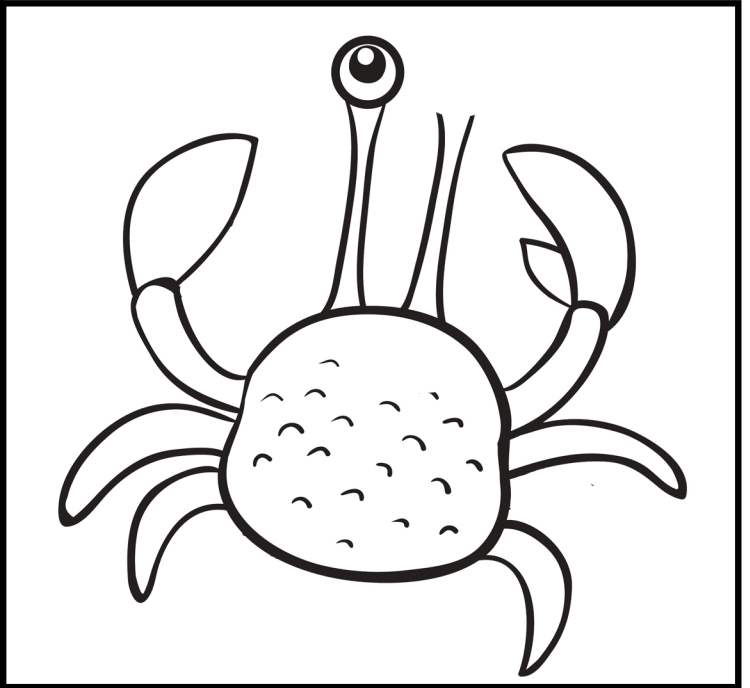

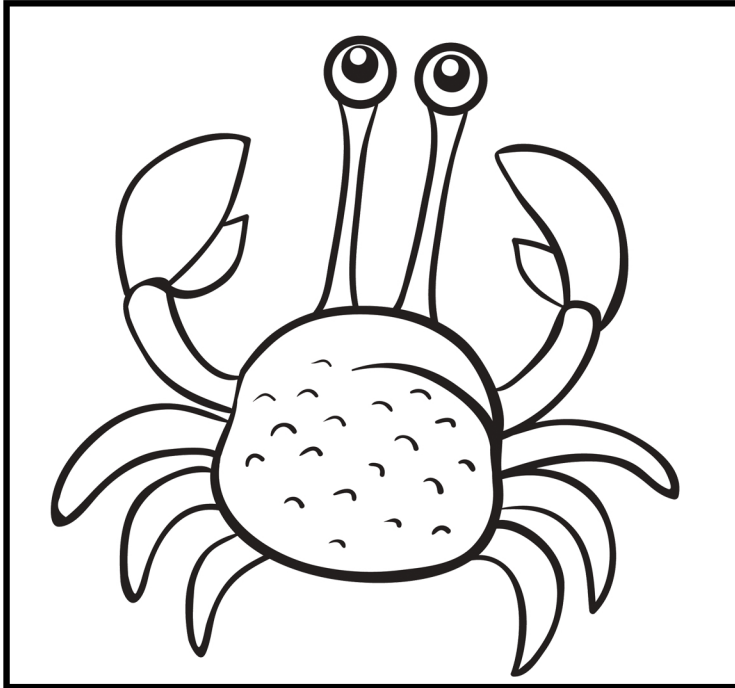

Trace the letters below and then color in the
Octopus in the brightest orange you can find!

OCTOPUS

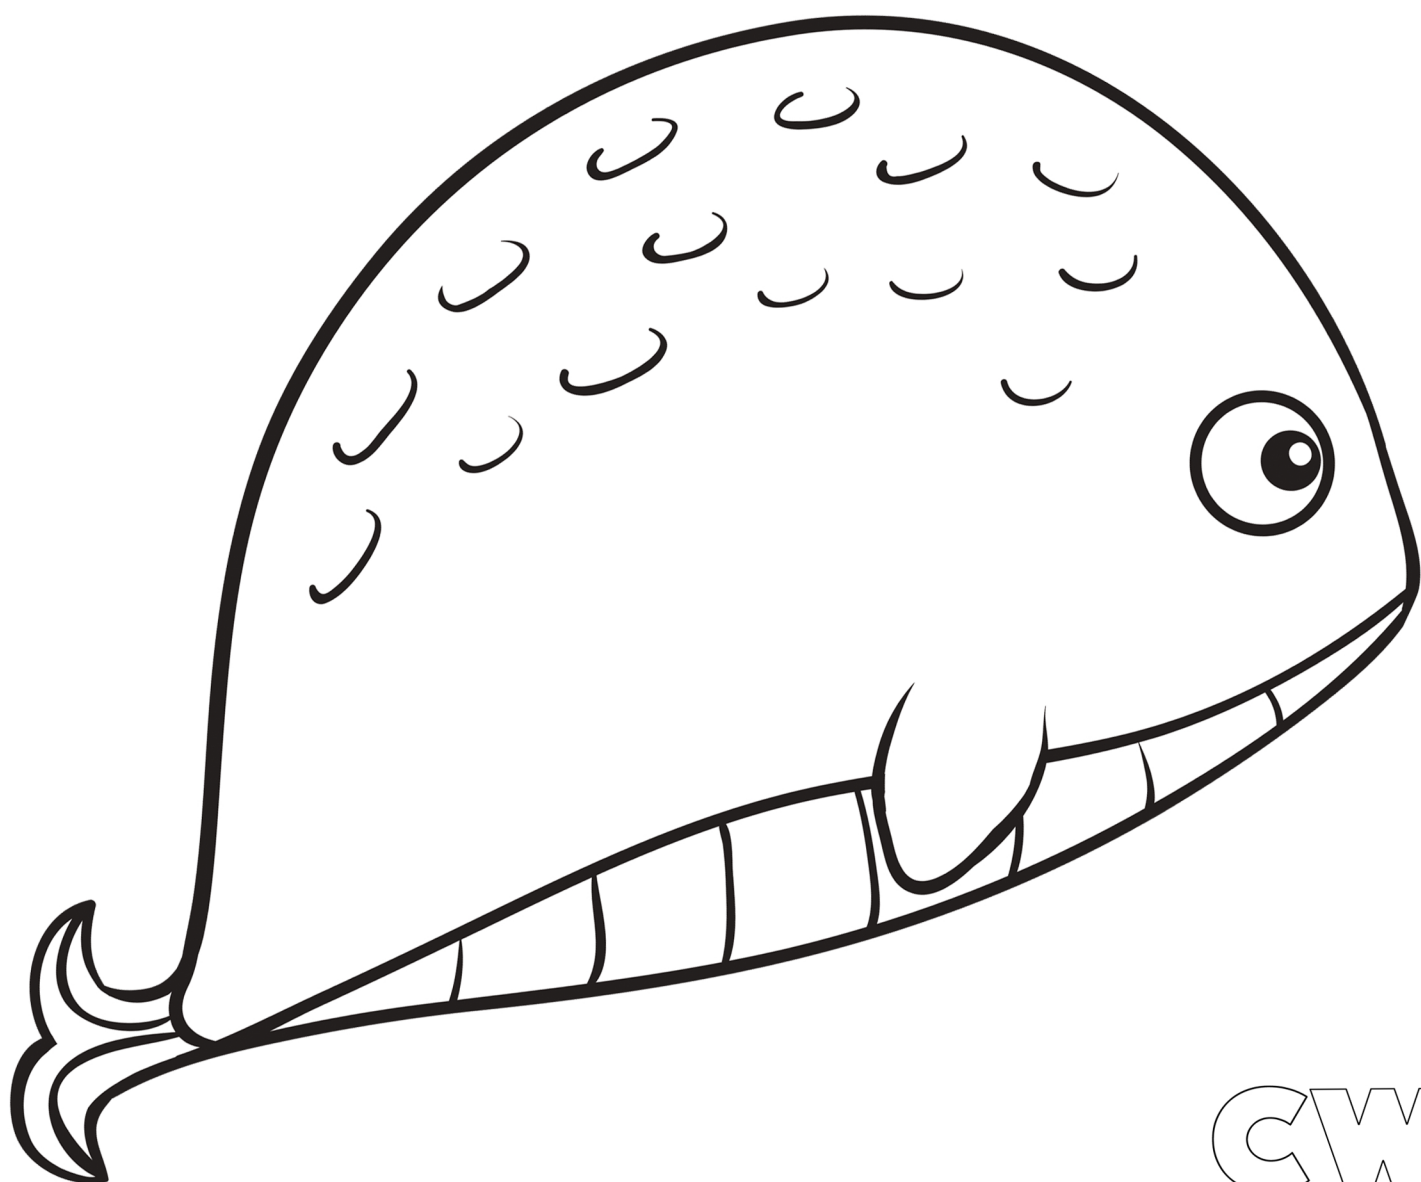

There are FIVE differences between the sea creatures on the left, to the ones on the right. Can you find them all? Good luck!

Did you know that the Blue Whale is the largest animal to ever exist? Wow!

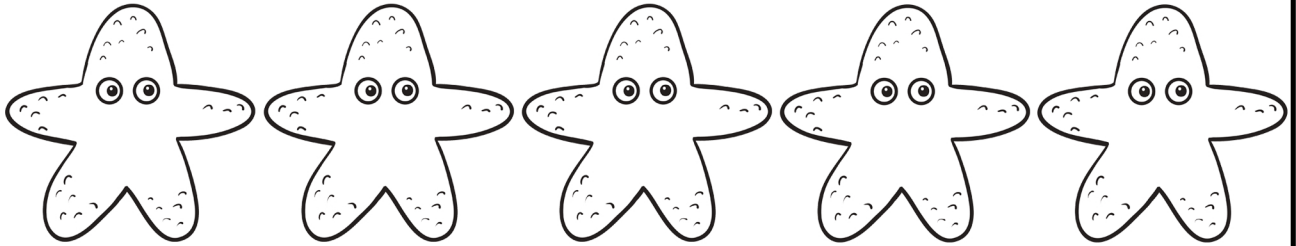

Trace the letters below and then color in the Whale in the brightest blue you can find!

W H A L E

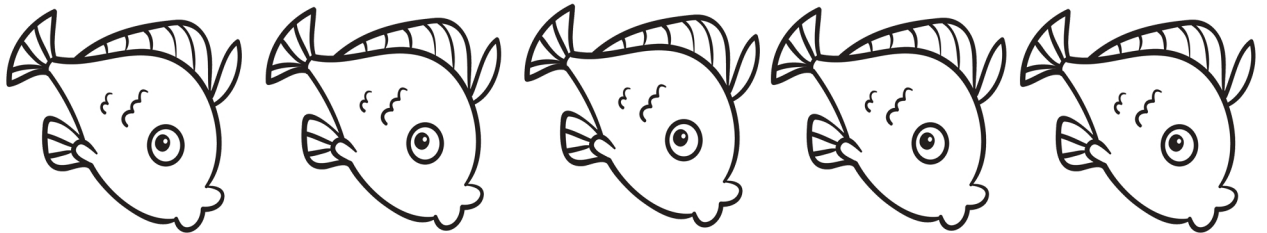

Count and color! Use the number on the left hand side to let you know how many sea animals need to be colored in on that row. Use all your brightest colors!

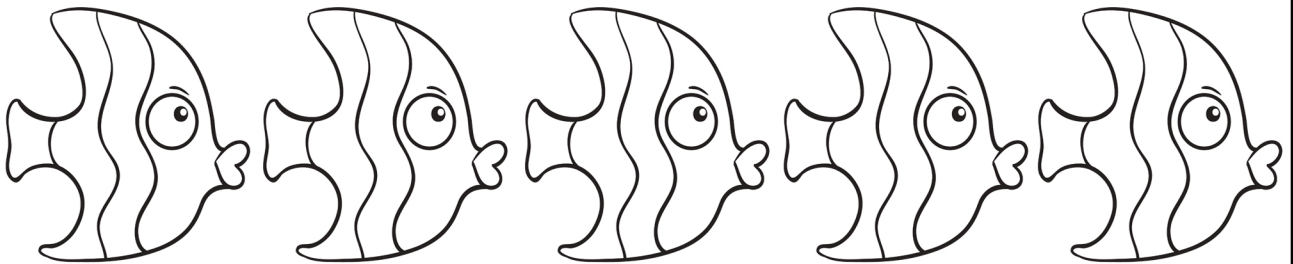

4

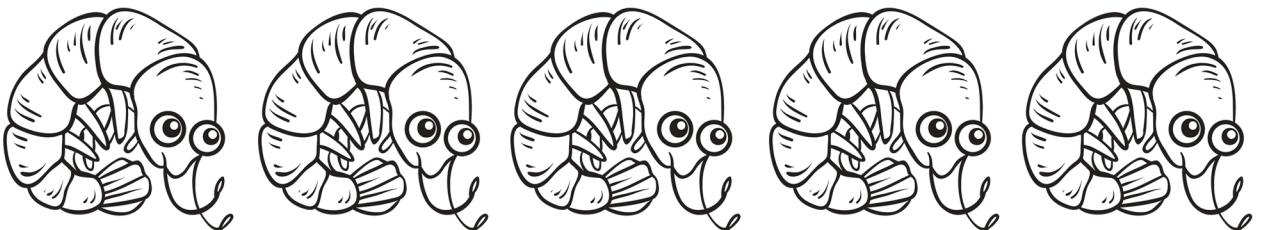

2

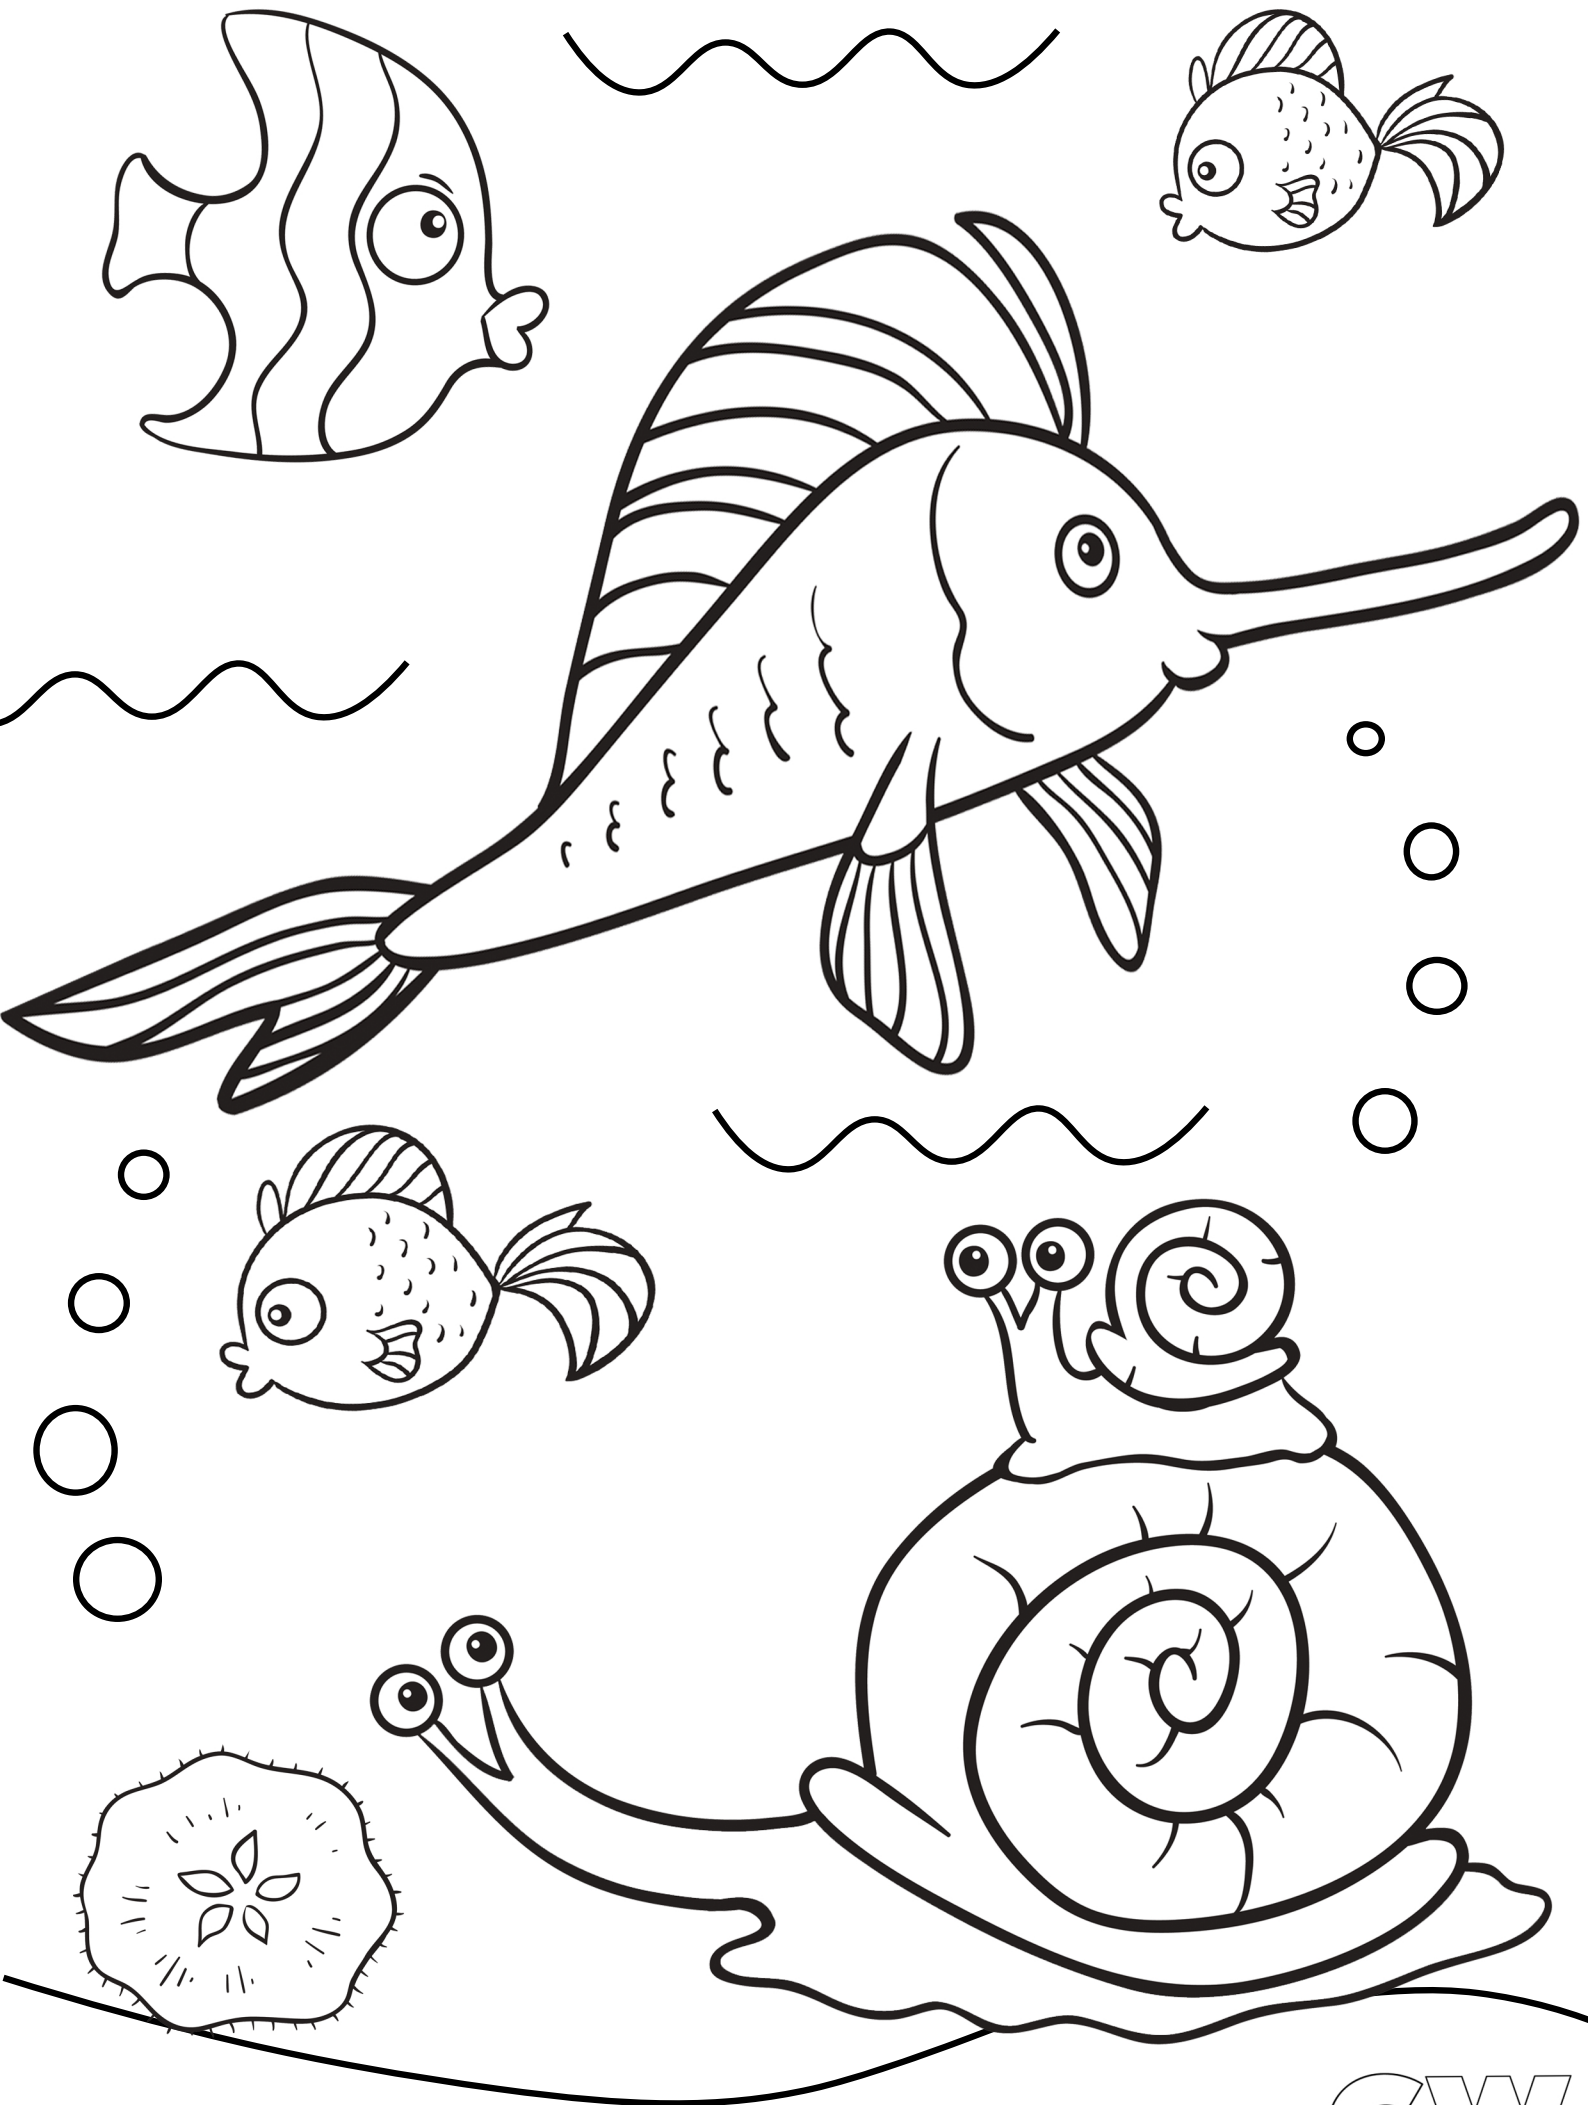

5

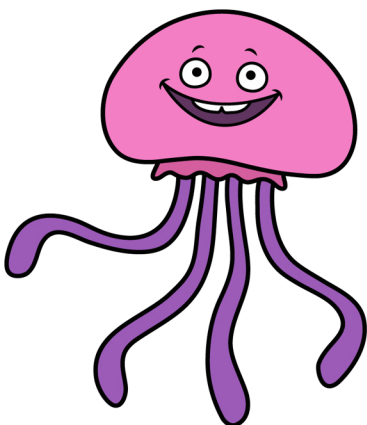

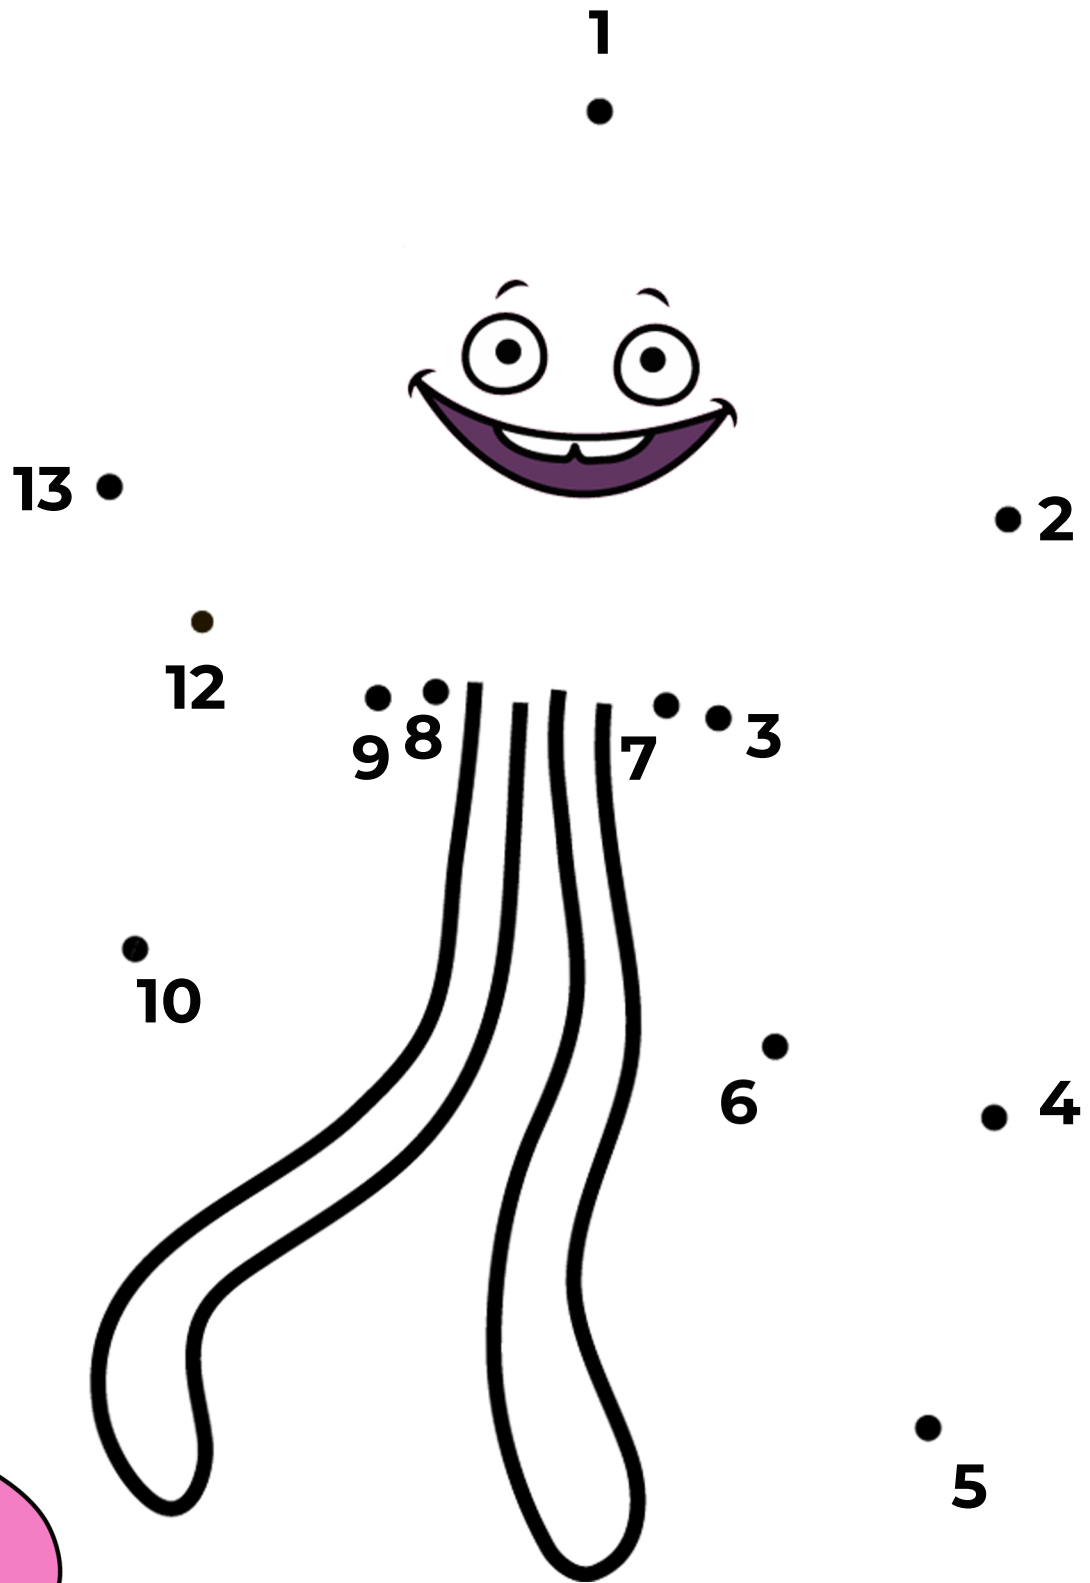

3

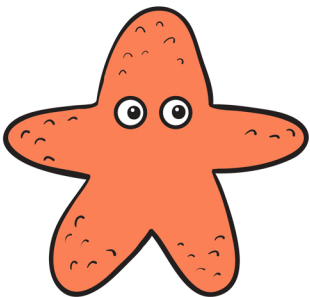

Dot to dot! Start at number 1 and see if you can join up all the numbers to make this happy Octopus. Good luck!
